

WEEKLY LINE UP – Wootton

From Tiny Acorns Mighty Oaks Grow Within the Love of God

Monday 28th September
Term 1 Week 5

Maths

In Maths this week, we will be comparing more than 2 quantities and finding how many jumps there are between two numbers on a number line (year 1) and we will be estimating numbers on a number line and comparing two 2-digit numbers (year 2).

After briefly recalling last week’s learning, the year ones will start the week by having more practise at using the more/ less than and equal to symbols. We will select two number cards and decide whether the number is bigger, smaller or equal to the other number. Then we will move onto making 3 or more quantities and placing these numbers in order from smallest to largest, whilst looking at our number line and talking about what we noticed. Following on from this, we will conclude our week by finding two numbers on a number line and finding how many jumps we need between them.

The year twos started the week by continuing to find missing numbers on the number line. After looking at tens last week, we began by looking at ones on a number line, before estimating numbers on a number line, saying why we thought they were that number. We have also been comparing two 2-digit numbers.

What can you do at home?

Year ones- make three or more groups of toys? Can you put them in order from the smallest to largest?
Year twos- Choose some 2-digit numbers. Can you use the signs =, < and > to show numbers that are the same, less than or more than? For example: 14<56. For an extra challenge, can you say why? Don’t forget Times Table Rockstars.

English

In English this week, we will be starting our story writing and we will be looking at nouns as part of our SPAG (Spelling, Punctuation and Grammar) learning.
At the start of the week, we will be making story plans linked to The Three Little Pigs. Then we will use these plans to start to write the beginning and middle of our story, considering where we can use adjectives to make our writing more interesting.

What can you do at home?

-Have a look at some of your favourite story books. Can you make a list of the settings? How many different settings can you find? Can you design your own and label it with adjectives- describing words?
-Reading
-Spelling Group: Spelling Shed and practise your spelling words for this week- g (j) gem, gym, giant, magic, giraffe, energy, digit, engine, religion, gentle
-Phonics: This week was our first week of new phase 5 phonemes. Can you find things which have these in- ‘ay’ (ai), ‘ou’ (ow), ‘oy’ (oi), ‘ea’ (ee).
-Have a go at another one of the six activities.

Also this week

Also this week, in PE, we will use our previously learnt skills to begin to learn how to shoot with the ball accurately and in our OAA session, we will start to incorporate our PE skills with our geography knowledge with knowing map symbols. We will continue with our Dimensions unit: ‘Inter-Nation Media Station’ where our focus will be on PSHE this week. Together, we will be thinking about opinions and facts and how it is ok to have different opinions to others- even if these other people are your friends. We will also learn how we should be respectful to people even if they have different views to us. Then, we will debate whether we should have the daily mile at school, thinking about opinions for and against it. In RE, we will be learning how Christians may give thanks to God for creating the World and everything in it. Our attendance last week was 93.3%- the best in the school. We hope you all have a lovely week.

Miss Ive, Mrs. Smee and Mrs. Carter
